## Premium class shooting range systems

Since more than 40 years the name „Eigenbrod“ stands for high-quality shooting range systems which are designed for a long lifetime. Our systems are produced carefully by hand to customer's specifications from enhanced materials. Our systems are maintenance-free, even at continuous utilization. All this assures a perfect functioning even under the most adverse conditions, so the shooter can concentrate on what's most important: shooting!

### TARGET TRANSPORT SYSTEM **STANDARD** 5001-99

The target transport system „Standard 5001-99“ provides many possible applications. The system can be used for shooting with pistol, small bore, crossbow and big bore by installation of several breakpoints or overrun points at various distances like 10m, 15m, 25m, 50m, 100m etc. The different target frames are available on demand. A perfect functioning of the system is guaranteed at all times.
