**WITH TECHNOLOGY AND
PASSION, WE ENSURE OUR
CUSTOMERS OPERATIONAL
SUCCESS.**

In a world characterized by both geopolitical unrest, environmental challenges and an unpredictable future, it is important to stick to and cultivate our good values and visions.

We are a company that will build our future on the combination of economic growth and social responsibility through skilled and dedicated employees, good managers and responsible operations.

All our business must be conducted in an ethical and transparent manner that creates trust, verifiability and stability.

Leif Haugland, CEO

OUR SUPPORT - YOUR SUCCESS

WHERE WE OPERATE

ARMED FORCES

Since our founding in 1998, the Armed Forces have remained one of our most valued customers. Through close collaboration with operators and defence research and experimentation organizations, we have consistently tailored our products and solutions to meet the evolving demands of the military. Working in partnership with our suppliers, we support Nordic military systems integrators (OEM) by providing cutting-edge technology and expertise to ensure mission success.

EMERGENCY SERVICES

Our technology and expertise align perfectly with the rigorous demands of emergency services, including police, fire brigades, and other specialized response teams. We continuously innovate and expand in this sector, helping our customers achieve operational excellence while ultimately saving lives.

INDUSTRY

The diverse and challenging needs of the industrial market have captured our interest. Customers approach us with complex problems that require innovative solutions, and we are committed to supporting this sector by offering our expertise to help them overcome their operational challenges. We look forward to expanding our presence in this area and contributing to our industrial clients' success.

YOUR TRUSTED PARTNER

Experience the difference of personalized support, tailored to your unique needs. Our dedicated team is committed to understanding your specific requirements and providing tailored solutions. From initial planning to project completion, we are here to assist you every step of the way.

Choose Obsima Technology AS for a partnership built on trust, reliability, and exceptional service. Discover how our comprehensive range of services can help you achieve your business goals and exceed your expectations.

WE KEEP IT RUNNING

SALES & ENGINEERING - Tailored solutions for your need

Our experienced sales and engineering teams work together to understand your specific requirements and develop customized solutions that align with your business objectives. We conduct thorough assessments to identify the most effective approach, considering factors such as budget, timeline, and desired outcomes.

LOGISTICS - A seamless supply chain experience

Our comprehensive logistics services ensure that your project materials are delivered on time and in perfect condition. We manage procurement, transportation, and inventory management with precision, minimizing disruptions and optimizing efficiency. Our team works closely with suppliers and carriers to ensure a smooth and reliable supply chain.

COMMISSIONING - Ensuring optimal performance

Our commissioning services are designed to ensure that your equipment and systems are installed, tested, and ready for operation. We follow industry best practices and utilize advanced testing techniques to verify that your equipment meets the highest quality standards. Our experienced technicians provide expert guidance throughout the commissioning process, ensuring a smooth and efficient transition to full operation.

TRAINING - Empowering your team

Our training programs are designed to enhance your team's skills and knowledge, enabling them to operate your equipment and systems effectively. We offer a variety of training options, including on-site workshops, online courses, and hands-on demonstrations. Our experienced trainers provide clear explanations and practical guidance to help your team achieve maximum results.

SERVICE - Ongoing support and maintenance

Our dedicated service team is committed to providing comprehensive support and maintenance throughout the lifecycle of your equipment. We offer a range of services, including routine inspections, preventive maintenance, and emergency repairs. Our technicians are highly skilled and knowledgeable, and we use state-of-the-art tools and equipment to ensure efficient and effective service.
